Preface

The study of U.S. national security and strategy is embedded in the core of the curriculum of the U.S. Army War College. Compiled as a springboard into the research and understanding of this intertwined subject area, the following bibliography reflects books, documents, periodical articles, and a number of web sites. All sites listed were accessed between December 2003 and January 2004.

With a few notable exceptions, the materials in this bibliography are dated 2001 to the present. For older materials, please see the bibliography entitled *U.S. National Security and Military Strategies*, dated August 1999.

Both the current and the older bibliographies are available on the Internet through our Library's home page <http://www.carlisle.army.mil/library/>. Upon accessing this site, click "Publications" and then "Bibliographies." For additional information, please contact the Research and Information Services Branch, U.S. Army War College Library, by sending an e-mail message to libraryr@carlisle.army.mil, or by phoning DSN 242-3660 or Commercial (717) 245-3660.
